Для уровня advanced («продвинутые»):

Hummingbirds are amazing little birds. They are the smallest of all birds and weigh less than even a penny. The bee hummingbird, at barely more than two inches long, is the smallest bird in the world!

Unlike most birds, hummingbirds have iridescent feathers. Iridescent feathers glitter and shine in the sun. Hummingbirds are often dazzling combinations of greens and reds or greens and blues. Others are violet, orange, golden, silver or other combinations only Mother Nature could dream up. All

hummingbirds have long bills to insert into flowers. Some hummingbirds have special bills to fit into specific flowers. Hummingbirds are the only birds that can fly backwards.

Hummingbirds are also unique among bird species in that they drink nectar from flowers. You can attract hummingbirds to your yard with special feeders that are filled with sugar water. These feeders are usually bright red in color because hummingbirds are attracted to red.

Для уровня intermediate:

The Bald Eagle is a majestic bird. The adult bird has a brown body, brown wings, white head, and large, hooked yellow bill. Younger birds appear all brown.

Bald Eagles almost always live near water because their main food source is fish. Sometimes, however, Bald Eagles will eat dead animals (carrion). They will even steal food from other birds such as ospreys and gulls! It was for this reason that the famous Patriot Benjamin Franklin preferred the Wild Turkey as America's National symbol. Nevertheless, the Bald Eagle remains America's symbol.

Для уровня elementary (начинающие):

Jackie loves the news. She listens to the news on the radio. She watches the news on TV. She reads the news in the newspaper. She reads the news in magazines. She loves the news because it is always new. It is always fresh. It is always interesting. There is news every day. There is news in every country. There is news in every state. There is news in every city. Everyone all over the world talks about the news every day. But Jackie has a question about the news. Why is the news usually bad? Why isn't the news usually good? No one knows the answer.
